

Distance Learning Math Packet

Nehaunsey Middle School

This math packet includes 10 lessons involving various middle school math skills based on the NJ Core Standards. Although we do not know how long the school closure will last, this pack covers approximately two weeks' worth of school work. Each lesson consists of an instructional part and an exercise. Please read through the instructions carefully, then complete the exercise. At the end of lesson 14 and lesson 17, there is a self check quiz for you to take as well. Our hope is that you complete one lesson per day, which should take about 30-60 minutes. All lessons and quizzes will be graded based on effort and correctness. You can use the following chart to keep track of your progress. Please include all work with your packets.

Lesson 11 _____

Lesson 12 _____

Lesson 13 _____

Lesson 14 _____

10-14 quiz _____

Lesson 15 _____

Lesson 16 _____

Lesson 17 _____

15-17 quiz _____

Lesson 18 _____

Lesson 19 _____

Lesson 20 _____
